Open day and night.

Woman Probably Fatally Hurt.

Salt Lake City, June 18.—It is feared that Mrs. Wells, wife of former Governor Herbert M. Wells, will die as the result of an automobile accident. The machine which was being operated by former district attorney Joseph Richardson, became uncontrollable and ran into one of the columns at the Eagle Gate and was completely wrecked.

Nature's Cure for Constipation

When troubled with constipation the day should be started with the juice of a whole lemon in a glass of cold water without sugar. This, with regular exercise and the eating of

DR. PRICE'S WHEAT FLAKE CELERY FOOD

will stimulate the liver into extra action and then the bile causes the bowels to move. Bile is the natural laxative for the bowels and the lemon acid and the food stimulate liver action.

Palatable—Nutritious—Easy of Digestion and Ready to Eat
Can be served hot. Put in a hot oven for a few minutes; or cook in boiling milk.

All Grocers

OUSTED FROM OFFICE

Mayor Schmitz of San Francisco Is Deposed.

HIS SUCCESSOR APPOINTED

Supervisor James L. Gallagher Chosen Mayor Temporarily—Reform Forces Are Now in Control of the City Government.

San Francisco, June 18.—Under orders of William H. Langdon, the district attorney, the board of supervisors adopted a resolution declaring Mayor Eugene Schmitz temporarily unable to perform his official duties and appointing Supervisor James L. Gallagher acting mayor. The latter says he will assume the mayoralty at once and he denied that he has made arrangements with the district attorney or anyone to resign at demand in order to make way for a reform mayor whose name is yet to be announced.

Assistant District Attorney Heney, Rudolph Spreckels, Mr. Langdon and their immediate associates in the graft prosecution are by this move placed in actual control of the municipal situation.

That they will be allowed so to remain without legal contest by the convicted mayor's attorneys is not expected. It is the plan of the prosecution to call for the resignation in a few days of some one of the eighteen supervisors. This forthcoming, Acting Mayor Gallagher will appoint to the vacancy a man named by the district attorney. As soon as he takes office Gallagher will resign from the mayor's chair and his resignation will be accepted.

New Member to Become Mayor.

The board, acting under orders from the prosecution, will select the new member as president pro tempore and by virtue of the office he will at once become acting mayor. The man most persistently mentioned for this place is Attorney Joseph Dwyer, president of the Independent League, but that political connection is said to render him unacceptable to Mr. Spreckels, the financial guarantor of the whole graft investigation.

The first act of the reform mayor, if the prosecution's programme is carried out, will be to demand the resignation of practically the entire Schmitz administration, whose places will be filled with reform agents as fast as vacancies are created. Unless disturbed by the courts, the new regime will endure until next January.

Mayor Schmitz, convicted last week of the crime of extortion, remains a prisoner in the city and county jail.

The resolution declaring the mayor's chair vacant and appointing Supervisor Gallagher to fill it was adopted after a fight on the floor. It was opposed by Supervisors Tveitmo and O'Neill. It was voted for by twelve supervisors, each of whose confessions to bribe-taking is transcribed in grand jury records. As none of these has been indicted for bribe-taking the general opinion is that they are to escape punishment if they continue to do the bidding of the district attorney and his prosecuting associates.

BIG DYNAMITE BOMB.

Found in a Load of Coal at Cleveland.

Cleveland, June 18.—A dynamite bomb big enough to wreck a building was found in a load of coal being delivered to an East End mill. The police are investigating whether an attempt was made to blow up the mill or whether efforts had been made to wreck a mine from which the coal came.

ORCHARD WILL TESTIFY.

Again to Take the Stand in the Haywood Case.

Boise, Ida., June 18.—When the Steunenberg murder trial is resumed here, Harry Orchard will be the first witness called to the stand by the state. He will then be placed in the hands of the defense in order that a series of formal impeachment questions may be presented and then the prosecution will take him over for his redirect examination.

Despite his long stay on the stand there were several points relative to the Steunenberg murder and the alleged conspiracy behind it that were not developed and these the state will bring out. The prosecution also wants to clear up several matters dealt with by the defense when Orchard was under cross-examination. When Orchard was brought over from Caldwell Monday afternoon his guards took him to the office of James H. Hawley, senior lawyer for the state, for a conference as to his testimony and at the conclusion of the matter he was driven back to the penitentiary. Counsel for the state had an extended conference as to the concluding moves in their case and chiefly relative to the course to be pursued by them toward Steve Adams. The decision as to Adams was not final, but it was tentatively agreed to call him as a witness for the state, but to leave him for the defense if it sees fit to make him a witness.

Adams stands by the repudiation of the confession that it is claimed he made to Detective McParland and there his connection with the case other than in the use of his name rests for the present.

Orchard will be succeeded on the stand by James Kirwan, acting secretary of the Western Federation of Miners. Objection was made to the manner in which Kirwan was served with subpoenas, but counsel for the defense waived the matter and stipulated that they would have him in attendance whenever desired.

Several additional witnesses whose testimony is said to be of importance to the state's case will soon arrive here and will be called as soon as the way is clear for them.

THREE MORE BODIES FOUND

Those of Midshipmen Field, Stevenson and Holcomb Recovered.

Newport News, Va., June 18.—Clad in full naval uniforms and with face and hands fearfully mutilated, the bodies of Midshipmen P. H. Field of Virginia, class 1906; W. H. Stevenson, North Carolina, class 1906, and F. P. Holcomb of Delaware, class 1907, were found in Chesapeake bay. The bodies after being examined and identified were taken by the naval tug Potomac to the naval hospital at Portsmouth.

A fisherman off Ocean View discovered a floating body of a midshipman and turned it over to one of the numerous launches that had been scouring the bay ever since Captain Mann of the steamer Washington reported to Admiral Emory that he had sighted a corpse off the Thimble shoal lightship. The body was mangled and bruised and the face and hands had nearly been eaten away but it was identified as that of Midshipman Holcomb by the clothing and a watch. It was put aboard the tug Potomac.

Several hours later the tug Potomac picked up the bodies of Midshipmen Stevenson and Field. These did not seem to be bruised but the faces and hands were considerably disfigured. The bodies were taken to the Minnesota for identification.

The bodies of four of the eleven men drowned a week ago have now been found. The one discovered in the launch was that of a fireman, G. W. Westfall.

WILL BE GIVEN A TRIAL.

Missouri Two-Cent Fare Law Will Be Operative for Three Months.

Kansas City, June 18.—The Missouri 2-cent passenger fare act will go into effect at 6 a. m. on Wednesday and be given a three months' trial. If at the end of that time it is found to be unremunerative its enforcement can then be fought in the courts by the railroads.

The state officials are temporarily enjoined from enforcing the maximum freight rate law and this case will be argued later in the federal court.

Judge Smith McPherson in the United States district court here, after handing down an opinion maintaining the court's jurisdiction in the premises, ordered the promulgation of the above stated facts, which had been agreed to by the attorneys for the state and the eighteen Missouri railroads involved. The court in its decision had suggested that the 2-cent fare should be first given a practical trial before injunction proceedings preventing its enforcement be considered.

Over a Score Injured.

Rome, June 18.—The country house of Marquis Capelli at Chiarino collapsed and twenty-five soldiers who happened to be taking shelter in the house during a rain storm were buried in the wreckage. A captain was fatally injured and a lieutenant and twenty men were seriously hurt.

STORMS SPREAD RUIN

Property in North Dakota and Minnesota Damaged.

NO LOSS OF LIFE REPORTED

But Several Workmen Narrowly Escape Death or Injury When Agricultural Society's Buildings at New Ulm, Minn., Are Demolished.

Grand Forks, N. D., June 18.—A tornado destroyed thousands of dollars' worth of property in the form of granaries, barns and farm machinery in the vicinity of Westhope, N. D., according to accounts that have reached Grand Forks.

In Westhope the wind blew in the store front of J. E. Vanderwerker & Co. and demolished several chimneys.

About seven miles southwest of Westhope there was extensive damage. Two granaries were demolished on the Borsheim farm. J. Cameron's barn was moved several inches off its foundation and several sheds and granaries were demolished. William Cameron's kitchen was ripped from the house and the cooking range was found 200 feet away.

Neil McDougal suffered heavily. His large barn is a mass of ruins. His granaries, chicken and hog houses are scattered over a wide area. A new buggy, a surry and an extensive lot of farm machinery were broken to pieces. Fortunately his house was untouched.

From McDougal's residence the storm traveled east and south. It lifted the roof from the residence of Charles Anderson, tore away the top of J. G. Krebs' barn and twisted a windmill to pieces. Alf Ryder lost a section of his farm and granaries. James Acheson has only the foundation left of his fine barn.

A seed drill was carried high in the air and twisted into fantastic shapes. A buggy belonging to J. Ratajer, a new arrival in the county, was torn to pieces and one wheel and the axle of a new wagon were wrenched off and were found a quarter of a mile away.

So far there have been no reports of loss of life. The storm was accompanied by thunder and lightning and rain descended in torrents.

SEVERE IN MINNESOTA.

Storm Does Considerable Damage at New Ulm and Vicinity.

New Ulm, Minn., June 18.—One of the most severe storms for many years passed over this city and surrounding country. Many of the citizens of New Ulm, while gazing at the dense clouds forming in the Northwest horizon, had visions of a repetition of the destructive cyclone which caused vast damage to this city in 1881.

Many sought refuge in cellars on account of the severe storm, which was accompanied by hail and a startling electrical display.

The force and velocity of the wind approached that of a tornado. The Brown County Agricultural society suffered the most severe loss by having its exposition building totally demolished, the roof of the grandstand blown off, the reservoir wrecked and the high board enclosure badly damaged.

Several workmen barely escaped death while at work at the fair grounds. They sought shelter in some of the buildings that later were wrecked and they barely escaped by seeking open ground during the worst of the storm.

Small outbuildings, several new buildings in course of construction and trees throughout the city were blown down and many rural telephone lines are out of service. In some places trees a foot in diameter were uprooted.

The heavy rain has again caused the Minnesota and Cottonwood rivers to rise several feet and the lowlands are inundated.

NEGRO TROOPS INNOCENT

Senator Foraker Does Not Believe They Shot Up Brownsville.

Washington, June 18.—Senator Foraker of Ohio has given out a written statement summing up the testimony taken by the senate committee on military affairs in the Brownsville inquiry and declaring that it fails to show that any soldier took part in the affray. The statement, which the senator says he makes as a "plain duty to the truth as well as to the accused soldiers," and because "he is more familiar with the testimony than anybody else," is an answer to a published statement that the testimony conclusively showed that soldiers of the Twenty-fifth Infantry did the shooting. Mr. Foraker says in part: "The testimony given by the soldiers in their own behalf is not, in my opinion, shaken by the testimony given by the citizens of Brownsville. That testimony, in the first place, is but a repetition of what was first

Remember the Bride

With a nice set of table linens or a dozen of napkins. Brides do appreciate pretty table linens. You will please her if you give her these.

With many other nice things that you find the best of at

"Michael's"

taken by the citizens' committee and afterward more elaborately retaken by Mr. Purdy. No important item of new evidence has been brought forward against the soldiers in this examination. Ninety per cent of what the citizens have testified about had relation to matters over which there was no controversy.

"For instance, everybody concedes that the town was shot up; that somebody did it; that those people who did it passed through the streets and alleys where the shooting was done, and that they had guns or revolvers or firearms of some sort and that one man was killed and another wounded. The only dispute is as to whether the raiders were identified as soldiers of the garrison.

"There are two kinds of evidence relied upon to show the soldiers did it. One consists of shells and bullets that were secured from the streets and houses of Brownsville. The results of microscopic inspection, interpreted in the light of the other testimony of the case, completely disposed of this part of the case. The only other testimony is that of people who claim to have been eye witnesses to the shooting. This consists of statements by various people that when they heard the firing they looked out of their windows and houses and down dark alleys, where there were no lights, at distances varying all the way from 30 feet up to 150 feet, and recognized the men who were doing the firing as negroes wearing the uniforms of United States soldiers."

Mr. Foraker says that the testimony of the army officers shows the night was so dark that it was impossible to tell a white man from a negro

Forecast—Fair tonight and Wednesday, cooler tonight.

EVERY DISPATCH reader should read carefully the proposition made to the city council last night by the Minnesota Water Works company, as a solution of the whole water works question and power question for the electric light plant. It is up to the city to do something at once to solve the problem, and this proposition certainly does it if it is accepted. THE DISPATCH is a strong believer in the city ownership of the water plants especially, just as soon as it is possible to do so, and while the proposed plan doesn't provide for immediate city ownership, it does so after five years, which seems to be as soon as the city will be in shape to acquire the property. At any rate the plan should be thoroughly investigated and if it is found to be as fair and advantageous to the city as it seems to be, it would seem to be the wise thing to do to accept it. Of course every possible safeguard should be adopted as to rates, and cost of new improvements so that when the city desires to purchase the cost would be as reasonable as if the city had made the improvements itself. But all citizens should consider it carefully as all are interested in the solution of the question.

LOCAL NEWS NOTES.

Lawn mowers repaired at Hoffman's.

Do not forget the band concert this evening.

P. F. Ward, of Fargo, was in the city last night.

Geo. Ramsey went to Sylvan this afternoon on business.

Mrs. T. F. Cole was down from Deerwood on business today.

C. B. Rowley returned today from a business visit to Walker.

Archie Purdy went to Minneapolis this morning on business.

Chas. D. Kerr, of Little Falls, was a Brainerd visitor last night.

F. E. Little, of York, Pa., was in the city yesterday on business.

Store your stoves and household goods with D. M. Clark & Co.

Miss Kate McCarvill, of Deerwood, was a Brainerd visitor today.

Deputy sheriff Theorin was in Deerwood on business this forenoon.

Dr. E. K. Copper and little son went to Motley between trains this afternoon.

Order your awnings from D. M. Clark & Co.

Miss Bessie Wieland returned today from Hubert lake for a brief stop in the city.

A. A. Pearce left this morning for a month or six weeks visit at Spruce Dale, Canada.

Mrs. S. E. Rollins, of Minneapolis, arrived this noon to visit her son, H. A. Rollins.

Postmaster Wasserzieher, of Deerwood, was a Brainerd visitor between trains today.

Editors Silk, of Pine River, and Holman, of Pequot, were in the city today on business.

Mrs. W. P. Locke and little daughter, of Longville, were in the city between trains today.

Alger Moberg left today for Lisbon, N. D., to look after his father's interests there this summer.

Henry Blake, of the firm of Blake & Hawkins, of Minneapolis, was in the city today between trains.

Rev. P. G. Nelson returned today from Alexandria, where he has been assisting with a series of meetings.

Miss Emma Anderson, of Rices, returned home today after a visit with her brother, Elmer Anderson.

W. W. Hutchins has been selected to act as foreman in place of E. A. McKay during his absence from the shops.

"For health and pure food" use Hunt's Perfect Baking Powder—entirely satisfactory in the baking; always good.

Ami Gould returned today noon from Rochester, Minn., where he has been to receive treatment for a throat trouble.

Mr. and Mrs. John Kibby returned to their home in Margie today after a visit at the home of Mr. and Mrs. H. H. Hitch.

Miss Esther Zakariassen returned today noon from Mountain Iron, Minn., after a visit with her married sister at that place.

H. G. McCartney, of Chicago, was in the city today on his way down from Kabeekona camp, his summer resort on Woman lake.

C. I. McNair and W. K. McNair, of Cloquet, are in the city today on business connected with the Northwest Paper company.

Miss Mary E. Thomas, who has been visiting Mrs. E. P. Shipp since the close of school, left this morning for her home in Ypsilanti, Mich.

Lester Eastling, formerly of this city, died a short time ago in Dakota, and the remains were taken to his old home in Faribault for burial.

D. M. Clark & Co. largest installment house in the city. Goods sold on easy terms.

Fred Lawrence returned last night from his sad journey to Emily to bury his wife. He will resume his position as night clerk at the Antlers.

J. C. Barber and Mr. and Mrs. Thos. McDowell, of Ft. Worth, Texas, arrived in the city today and went to Crow's Nest to visit for some time.

Landlord Smith, of the City hotel, has provided his guests with a couple of handsome settees which have been placed in front of the hotel.

There will be a meeting tonight at the Y. M. C. A. of the committee in charge of the decorations and refreshments for the reception tomorrow night.

The Ladies Aid society of the First Methodist church will serve ice cream and cake at the home of Mrs. P. J. Shipp on Wednesday afternoon and evening.

Miss May Holman, who has been teaching at Salt Lake City, arrived today to spend the vacation with her parents, Judge and Mrs. A. R. Holman, of Pequot.

Louis Zakariassen returned this morning from Spokane, Wash., where he has been for the past three years, to make his parents, Alderman and Mrs. Zakariassen, a visit.

The Ladies Aid society of the People's church will meet with Mrs. Rose, corner of Pine street and Fifth avenue North-east Wednesday afternoon. All ladies are invited.

Furniture and stoves for sale. Almost as good as new. A. M. Danielson, 307 7th street South.

Mr. and Mrs. C. W. Eastman and son returned from Idaho yesterday afternoon. They do not like the west a little bit and report that Minnesota is good enough for them.

The rear drive on the Mississippi between Brainerd and Little Falls, starts from here tomorrow. Today is pay day and a large number of drivers are receiving their checks here today.

Rev. E. Bjorkquist and Rev. E. R. Anderson, of Alexandria, are in the city on their way to Duluth to attend a Swedish Baptist conference and will preach at the Swedish Baptist church in this city tonight.

Mrs. Eliza Donavon, of Morris, who has been visiting her son, Bernard Donavon, of Mandan, who was recently operated upon at St. Joseph's hospital, returned home today. He expects to be able to go to Morris in a couple of weeks.

Women say there is nothing to equal KIRK'S JAP ROSE transparent soap for WASHING THE HAIR. All druggists and grocers sell it.

Word has been received here of the marriage of Wm. Seelye, and Mrs. Wait at Spokane, Wash., Thursday, June 6th. The wedding was a quiet one. They went to their future home in Couer de Alene, Idaho, the next day to spend the honeymoon in the fine home he had provided.

Boats for rent at J. N. Oman's place at the west end of Long Lake North.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggists for them.

What One lady says: "I have used

Occident Flour

for three years. I never had bad luck with the baking. I like

Occident Flour

better, than any other flour.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Electric Oil, monarch over pain.

ON BOARD THE DOLPHIN.

Secretary of the Navy Metcalf and Party Safe.

Washington, June 13.—After a night of conflicting reports regarding the whereabouts of Secretary of the Navy Metcalf and party, Rear Admiral Evans stated that Secretary Metcalf had returned to the Dolphin and that the Dolphin with the secretary and party aboard will leave at once for Washington.

Admiral Evans stated that he had a conference with Secretary Metcalf regarding the investigation of the launch disaster, but did not indicate where the conference was held. No statement on the subject was given out. All attempts to get the naval vessels in Hampton Roads to answer wireless calls were fruitless.

A message signed by the secretary was received at the navy department. It related to routine business. Dispatches from Newport News report verily that the secretary is on the Dolphin, is on the Connecticut; that the Dolphin has left, is still at anchor; that the Lighthouse tender Maple, which carried the party on the trip up the James river, has not yet been sighted. An Old Dominion liner reports passing a Lighthouse tender, possibly the Maple, on the James river above Jamestown Island.

Secretary Metcalf Missing.

Norfolk, Va., June 12.—Secretary of the Navy Metcalf and Mrs. Metcalf, Miss Metcalf and the secretary's aide and others of the secretary's party are aboard the Lighthouse tender Maple, which went to Jamestown Island Tuesday and whose failure to reach here has caused a belief that the vessel is around.

Tragedy at Brownsville.

Brownsville, Tex., June 15.—Samuel P. Wreford, a commission merchant of Brownsville, was killed by Jesse S. Thornham, a stepson of Captain William Kelly, president of the First National bank of Brownsville. The tragedy was an outgrowth of a quarrel between the two men over the alleged outrage on Brownsville by the negro soldiers on Aug. 13, last.

RECEPTION TO J. C. MANVILLE

Formal Welcome to the New Y. M. C. A. Secretary Wednesday Evening

AN INTERESTING PROGRAM

Several Speakers From Brainerd and Elsewhere will Deliver Short Addresses

There will be a public reception given at the Y. M. C. A. building Wednesday evening to give the citizens of the city an opportunity to become acquainted with Mr. Manville, and incidentally to give them a better insight into the work of the Y. M. C. A. Refreshments will be served and the building will be handsomely decorated. The program of the evening will be as follows:

- Welcome to the new secretary.
(a) For the Pastors.....
Rev. J. F. McLeod
(b) For the Business Men.....
Henry I. Cohen
(c) For the Railroad Men.....
Harry Lyddon
Solo.....
Harry Patek
(d) For the Railroad Men.....
W. H. Gemmell
(e) For Northern Minnesota Secretaries.....
Phil Bevis, Duluth
(f) For the International Committee.....
W. H. Day, Chicago

Response..... J. C. Manville

Music..... Orchestra
The citizens of the city are earnestly invited to attend the reception. Bether if possible and enjoy a pleasant evening.

DON'T FORGET

Next Friday afternoon at 3 o'clock, there will be another drawing of THE GOLD DUST COUPONS at H. P. Dunn's drug store.
Order GOLD DUST FLOUR at once.

THE POET WHITTIER.

How He Met His Only Love and How They Drifted Apart.

John Greenleaf Whittier was one of the sweetest poets that this country or any other has ever produced, and this in spite of the fact that he was doomed to live and die a bachelor.

In the spring of 1828, when the poet was about twenty years old, he did his first and last courting.

In the quiet old town of Marblehead, in the home of a well to do shipmaster, dwelt Evelina Bray, the shipmaster's daughter. Evelina was "sweet sixteen," as pretty as a peach and as pure as the wood violets with which she loved to decorate her hair, and with the winsome, modest maiden Whittier fell desperately in love.

During the aforementioned springtime as the flowers were creeping up from under the snow and the landscape was taking on its first delicate touches of the summer to come young Whittier went down to Marblehead found Evelina and told her of the sentiment that he could no longer conceal. To his joy he learned that the sentiment was reciprocated.

But the "course of true love did not yet run smooth," and it was already decreed that Whittier's was to be a "lost love."

The shipmaster of Marblehead was a worldly man, and one of his chief delights when on shore was to hear his daughter play on the piano and sing, while Whittier's parents as well as Whittier himself were of the strictest sect of the Quakers. In whose eyes a piano was an emblem of sin and music the sure and certain mark of wickedness.

Between these opposite, antagonistic and uncompromising views of things there was no concord possible. Whittier knew it, Evelina knew it, and like the philosophers that they were, they concluded to say no more to each other upon the tender subject—and they never did.

Five years later, in 1833, the couple met again, but no word was spoken of the affection that each knew was in the other's heart. It was the meeting of friends, that was all.

It was not until 1885, at a class reunion at the Haverhill academy, that the poet and his sweetheart again stood face to face. Since he had last beheld her fifty-two years had rolled away. The two were now old. The rose had faded from Evelina's cheek and into her lover's face wrinkles had stolen, and upon his head old Time had left his rime.

But the heart never grows old; love is immortal—immortality young and fresh—and, parting from his old love forever, the poet went home to write the touching lines—

Look forth once more through space and time

And let thy sweet shade fall
In tenderest grace of soul and form
On memory's frescoed wall—
A shadow and yet all.

—Rev. T. S. Gregory in New York American.

FINE TEMPLE OF MUSIC

Mme. Nordica to Establish American Baireuth on the Hudson.

BUILDINGS TO COVER ACRES.

Noted Singer Has Bought \$100,000 Site For Rival of Famous Wagnerian Institution—World's Greatest Singers to Be Heard—Open Air Theater Also.

Mme. Lillian Nordica will establish on the Hudson near New York a Baireuth in America, says the New York Herald. With a part of her great fortune the noted singer will erect the Lillian Nordica Festival House, which will be to the United States what the famous operatic institution founded by Richard Wagner and now maintained by his widow is to Europe. The site for the great institution was purchased recently by Mme. Nordica for \$100,000. The opera house will be ready for its formal dedication one year from next summer.

But the house alone where the Wagnerian operas are to be given, both in German and English, is but a part of the great musical and artistically philanthropic scheme planned by Mme. Nordica. On the twenty acre site she has acquired the prima donna is to found the American Institute of Music, where, taught by the foremost teachers in the world, American young women and men who aspire to win operatic honors will be taught every branch of music and given a musical education as complete and excellent and with vastly less expense than they can now hope to get abroad. An open air theater will be another feature of the institution.

Mme. Nordica spoke in part of her plans as follows:

"Call my object philanthropic or what you may, but the idea of founding here in my own country an American Baireuth has been my life's ambition. Now I am able financially to start this great project, which I know will be an institution which after I am dead will continue to grow and enlighten the people of this country, who are now awakening to the benefits to be derived from a musical education such as was not dreamed of ten years ago.

"Here in America young women and men save their earnings and rush to Europe to take up musical study. Thousands go every year. Some succeed, others fail. This country can provide everything necessary to the student's education and is gaining a musical standard that Europe has always had. In this plan of mine I am assured of the hearty co-operation of men and women of wealth. The latter years of my life I hope to give entirely to seeing this great institution grow until it can have no rival.

"The buildings that will be a part of the American Institute of Music alone will cover four acres. They will be erected close to the Lillian Nordica Festival House. In connection with the institute there will be dormitories and houses where the students at little expense will be able to live while pursuing their musical studies.

"Europe will contribute teachers, and they will be paid for their services more than they can hope to earn abroad. The scope and outline of my project it is impossible to give in detail on such short notice.

"The Lillian Nordica Festival House will be in every way an exact repro-

duction of the theater erected by Richard Wagner. The Wagner operas will be given there in the summer, with the greatest artists in the world. The first year nothing but Wagner operas will be given, and after that it is proposed to present in the open air theater or stadium Shakespearean cycles in which all of the greatest interpreters of Shakespearean plays will be able to appear.

"During the summer season there will be readings, lectures and regular courses in music and the classic drama. Sundays in the opera house will be devoted to oratorios and symphonies, and the Saturday performances will be for the great masses of the people, who are beginning to take a deeper interest in music than ever before.

"The management of the institution will be in the hands of a board of women directors and an advisory board of men, all of whom will be selected within six months. The seating capacity of the Lillian Nordica Festival House will be 2,000. There will be twenty-five boxes, all of which will be sold by subscription. The theater may not be self supporting during its first summer, but that will not make the slightest difference. In years to come it will be, for those who are to become interested with me in the project are to endow it, aside from the financial aid I shall give to it.

"The grounds surrounding the different buildings will be laid out in the form of a huge oval. The site of the institution is easily accessible from New York city by both rail and water.

"One of the greatest pleasures I will have in seeing the completion of this project is to know that it is to be thoroughly American. If possible, I hope to have the first Wagnerian performance given by singers who were either born in this country or now reside here. I myself will sing many of the Wagnerian roles there. As the performances are to be given at first entirely in the summer, it will be possible to get the greatest conductors and musicians of Europe to come to America. I hope the institution will stand as a memorial to at least one American woman who has worked hard all her life in order that she might leave something that would help others to an education in the higher branches of musical and dramatic art."

THROWN FROM MOVING TRAIN

Richard K. Thompson Thrown
From Load of Logs on Cross
Lake Railroad

AND HE LIT ON PILE OF TIES

Badly Injured He Lay There Two
Hours Before He Was Found
by Train Men

Richard K. Thompson, son of Wm. N. Thompson, living at 413 Oak street, was seriously injured Monday forenoon by being thrown from a logging train on the Cross Lake logging railroad. Mr. Thompson, who was in the employ of Del Holderman, who has the contract for supplying the wood for the engines on the logging road, was a member of a crew that was moving from Girl lake to Cross lake. He was sitting on a log on top of a car of logs and as the train went around a curve and down a grade at a speed of about thirty miles an hour the log rolled under him and he and the log went off the car. He lit on a pile of ties and among a lot of stumps. The accident occurred about ten o'clock Monday morning and he was not missed until the crew reached Cross Lake. A train at once returned in search of him and found him about noon and took him to Cross Lake. An engine was sent up the line for his father who lives farther up and the injured man was placed in a spring wagon and the tedious trip to Brainerd started at 8:30 last night. Geo. Gibbs, Fred Parks and the father of the injured man accompanied him to this city where they arrived about 5 o'clock this morning. Dr. Thabes was called but states that until the inflammation is reduced it is impossible to tell extent of his injuries. He is literally black and blue on one side and through the abdomen and from there to the foot. Mr. Thompson has retained his vitality well and when seen by a DISPATCH representative this morning he appeared much stronger and in better spirits than anyone would consider possible after the ordeal he had been through.

THE CIVIC LEAGUE

Will Hold One of Its Most Important
Meetings on Friday Night at
Commercial Club Rooms

There will be a meeting of the civic league at the Commercial Club rooms on Friday night. Several citizens have signified a willingness to contribute liberally to a fund to secure a competent landscape gardener to make definite plans to place the Gregory park in desirable condition. One public spirited citizen has offered to start the subscription with \$100 and others have offered very liberal subscriptions. The officers of the league are quite anxious that this be a representation meeting of all citizens as a number of things will come up which will mean much to the city.

BOUGHT HIM A TENT

District Epworth League Convention
Bought Tent for Presiding Elder
Copper's Work

The Brainerd district Epworth league convention, which adjourned Sunday evening was a remarkable one in many ways. There were about 40 delegates present, 15 of them being preachers. The league purchased a tent capable of accommodating 500 people and presented it to Rev. E. K. Copper for use of holding summer evangelistic meetings in the district. The first meeting will probably be in International Falls in July. A considerable sum of money was also raised for missionary work in the district.

The address given by Rev. Chas. Fox Davis on Sunday evening is very highly spoken of by those who heard it.

The officers elected were:
President—E. A. Cook, Park Rapids.
Vice Presidents—1st, Mrs. C. S. Cox, Hubbard; 2d, Rev. W. H. Farrell, Little Falls; 3d, Mrs. Thompson, Wadena; 4th, Alden Fuller, Brainerd.
Sec.—Rev. R. B. Walker, Cass Lake.
Treasurer—Rev. R. G. Green, Verndale.

President Junior League—Mrs. Lafayette Dodd, Staples.

SCORTCHED THE LAUNDRY

Laurel Steam Laundry Badly Damaged by
Fire About 2:30 O'clock This
Afternoon

The fire department was called to the Laurel Steam laundry, 710 Laurel street about 2:30 this afternoon. When the boys arrived the flames were shooting out of the roof in great shape but were gotten under control in a few minutes. The building was probably damaged to the extent of \$250. No information can be obtained at this time as to insurance. The fire is thought to have started in a building in the rear formerly used as a barn.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

CHARGED WITH STEALING

Wm. Stinson and Robert Stinson in
Municipal Court on Complaint of
Wm. Millander

Wm. Stinson and Robert Stinson were in municipal court this morning having been arrested on a warrant sworn out by Wm. Millander, charging them with stealing 11 sheep and eight lambs. The hearing was set for Thursday morning at 10 o'clock and the parties were put under a joint bond of \$200. The parties to the case are all residents of the town of Daggett Brook.

Leibnitz and the Alchemists.
Leibnitz, one of the great men of literature, who died in 1716, wished to join a society of alchemists who were prosecuting a search for the philosopher's stone. He compiled a letter from the writings of the most celebrated alchemists and sent it to the society. The letter consisted of the most obscure terms he could find, and he himself, he said, did not understand a word of it. Afraid to be thought ignorant, the society invited him to its meetings and made him secretary.—Argonaut.

COUNCIL RECEIVE A PROPOSITION

Minnesota Water Works Co.
Presented Proposition on
Water and Power Plants

REFERRED TO COMMITTEE

Street Connecting Ivy Street
With Farrar Street was Or-
dered Acquired

There were several vacant chairs at the regular meeting of the city council. Two members were out of the city and the fact that it was a pay day night kept Alderman Baker away from the meeting. Probably the most important matter before the council was referred to the proper committee without a word of comment. This was a proposition of the Minnesota Water Works Company covering the rebuilding of the water works plant and the giving of the city an option on that and on the electric power plant to be built on Crow Wing river. It was read and ordered referred to the special water works committee.

When President Johnson called that body to order there was a bare quorum of the city council present, Aldermen Zakariason, Turcotte, Farrar, Graham and Fogelstrom and President Johnson answering to roll call.

The finance committee reported that it had held a meeting with a number of the heaviest tax payers of the city and all wanted the floating indebtedness refunded as a bonded indebtedness.

Alderman Twohey then came in.

The finance committee reported, verbally that they had examined the books of the city treasurer and found them correct. The committee also reported that they had seen F. E. Low, former city clerk and that he stated that he stood ready to pay over any fees received as municipal court clerk actually received by him but where the fees had never been paid he did not feel he should be compelled to put up the money for them. The matter was referred back to the committee.

The report of the street committee on the meeting with the town board of the town of Oak Lawn, and the dividing of the maintenance of the road on the line, the city taking the north half mile to maintain, was accepted and the minutes of the meeting ordered recorded in the minutes of the city council.

The finance committee reported that it interviewed the state auditor when he was in the city Saturday last regarding the securing a state loan and were told that there were many applications on file. They could present theirs and if allowed they would be furnished the money in their turn, which would be probably in about a year.

Alderman Farrar thought that if the bonds were to draw five per cent interest it would be possible to float \$25,000 of them in the city of Brainerd. After considerable talk on the matter the finance committee was given further time in the matter.

Alderman Twohey from the fire committee, reported on a trip he and Driver Mutch, of the fire department made to look at horses said to be suitable for fire horses, but could find none available. Further time was granted the committee in the matter.

Alderman Twohey called attention to the need of grading down Tenth street north, between Kingwood and Juniper streets. Alderman Fogelstrom, of the street committee objected to Alderman Twohey butting in matters in the Second ward, and the matter was dropped.

The bond of Joe St. Peters, as street commissioner, in the sum of \$500 with O. B. Hamelin and Adam Armstrong, as sureties, was approved, as was the surety bond of A. Everett as sidewalk contractor, in the sum of \$1,000.

Mrs. Mary Gray asked permission to repair the Last Turn saloon building. As it was only damaged, according to the report of the fire chief, not to exceed 35 per cent, the permission was granted.

Mayor Wise suggested a plan whereby the police could report to the fire house by telephone once an hour during the night. The matter was referred to the fire and police committees and the mayor, with power to act.

The matter of the boulevard ordinance for the Second ward came up and Alderman Fogelstrom, chairman of the street committee stated that he had received no notification of the matter from the city clerk and that official was requested to notify the chairmen of the various committees in writing when any matter was referred to their committees.

A petition was presented to have a street opened across the ravine to connect Ivy and Farrar streets. It was stated that it would save much distance to people going from the north side to the Third ward and for those wishing to come from the northern part of that ward to the churches on Juniper street. The matter was on motion referred to the city attorney to report at next meeting.

Alderman Twohey, in behalf of the owners of lots in Fairview addition, wanted to know if anything could be done to recover for them the ten feet from the front of the lots facing First

avenue given the Northern Pacific for right of way, prior to the purchase of lots by them. After some discussion the opinion seemed to be that it was nothing in which the city had anything to do.

The following proposition was then read and referred without debate to the special waterworks committee:

To The Honorable Mayor and City Council, of the City of Brainerd:

GENTLEMEN—I herewith submit for your consideration the following as a solution of the water works and electrical power question:

First. A commission to be appointed to place a value upon the present water-work plant.

Second. Necessary repairs to be made to the present plant to insure good service and pure water.

Third. The value of the present water plant as determined by arbitrators and the cost of rebuilding to be the value of the water plant as rebuilt.

Fourth. The water company will at once proceed to construct the proposed electric power plant on the Crow Wing river and furnish all electric current needed by the city for electric lighting for a term of twenty years at rates now contracted for by the city with the Brainerd Hydro-Electric Power company, and under the same conditions.

Fifth. The city to contract with the water company for water for fire and domestic purposes for a term of ten years, reserving the right to purchase the water and power plant any time after five years at the price fixed by the arbitrators by giving the water company one year's written notice.

Sixth. The water company will refund to the City of Brainerd yearly twenty-five per cent (25%) of the net receipts of the water and power plant.

Seventh. The rates for which water is to be furnished private consumers and the compensation for hydrant service to be determined by the arbitrators.

Eighth. The commission to be chosen, one by the water company, one by the city of Brainerd and the third chosen by the two appointed.

A. L. Hoffman asked permission to widen the sidewalk on the east side of his property in block 67 from 10 to 12 or 14 feet. He stated that he intended to change his building so as to make three stores facing Sixth street out of it. The matter was referred to the city attorney to draw an ordinance covering the matter.

The council then adjourned to Friday evening, June 21.

OPERATORS MAY S RIKE.

Telegraphers May Adopt Drastic Measures to Enforce Demands.

Chicago, June 17.—Fifteen hundred telegraph operators, members of the Commercial Telegraphers' union, at a meeting here voted to support the president and executive committee of their organization in any measures they deem necessary to bring about an adjustment of the operators' grievances. Those present were chiefly employees of the Western Union and Postal Telegraph companies. Several resolutions were passed by each group of employees, the Postal men advocating "drastic measures" to enforce their demands and the Western Union operators serving ten days' notice on the officials of the company in New York that they "must meet the employees' committee as represented by the Commercial Telegraphers' Union of America for discussion and adjustment of grievances, or bear the responsibility for interference with public business, which would follow action that will be incumbent" on the Chicago local union.

A \$5,000 strike fund was voted. Representatives of the Order of Railway Telegraphers assured the commercial operators of the support and sympathy of individual members of the railway union, but took no official action.

REFERRED TO NEILL.

Appeals Made to Roosevelt to Intervene to Prevent Strike.

Oyster Bay, N. Y., June 17.—President Roosevelt has referred to Charles P. Neill, commissioner of labor, the various appeals that have been made to him to intervene to prevent the threatened telegraphers' strike.

The position is taken that no emergency exists such as obtained when the president intervened in the anthracite coal strike, but on the contrary the situation presented is one where action by the government if taken at all may properly be initiated and directed by the bureau of labor, of which Mr. Neill is the head.

Attention is called to the fact that Mr. Neill has on his own motion acted with more or less success in several recent strikes simply by making an investigation and bringing to light the salient facts in the controversies, his reports being the basis on which a settlement was later reached. Whether he will feel justified in pursuing the same course in the present instance is not commented on here, as the president has given Mr. Neill no intimation of any kind.

NEW BERTILLON INVENTION.

Device to Establish Exact Measurement of a Prisoner's Features.

M. Bertillon, the chief of the intelligence department of the Paris detective service, who is known as the inaugurator of the system of identification of criminals by finger prints, recently perfected an apparatus which it is hoped will greatly help in the problem of the identification of arrested criminals, writes the Paris correspondent of the London Times. M. Bertillon has the prisoner or the body—for the system is also to be used to aid in the identification of the dead—photographed lying full length on a table, with the head slightly raised. The camera, in which is a special combination lens invented by M. Bertillon's assistant, M. Bertinot, is placed directly above the object to be photographed and at a certain fixed distance.

By means of a very delicate apparatus the distance from the lens to an imaginary plane level with a point halfway between the orifice of the ear and the corner of the eye is measured, and from this distance is reckoned the scale of the photograph—the number of times smaller than the original. The photograph when used in comparison with a suspect is placed in an apparatus which is almost the exact reverse of the camera. It is placed at the given distance from the lens, and at the same time a transparent scale is moved into focus on the same plane. Reading on this scale, the detective is able to establish the exact measurement of the features of the prisoner.

Eminent Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John E. Fyfe, one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues "In Helonias we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Painful action in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and gastric (stomach) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions... and general enfeeblement, it is useful."

Prof. John M. Souder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to the reproductive system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

REPORT DISCREDITED

Ambassador Aoki Does Not Expect to Be Recalled.

ARE SEEKING HIS DOWNFALL

Progressives of Japan Working to Obtain the Recall of the Ambassador to the United States—Marquis Ito Among His Enemies.

Washington, June 18.—State department officials and members of the diplomatic corps are much interested in the statement in a Tokio newspaper, the Hochi, that the Japanese government probably would recall Viscount Aoki, the Japanese ambassador, and is considering the appointment of Baron Kaneko as his successor. Officials of the Japanese embassy say that the Progressive party has taken the San Francisco disturbances as a pretext in an effort to bring about the downfall of Viscount Aoki and in this connection it is pointed out here that Marquis Ito has been inimical to Viscount Aoki for many years.

It is stated authoritatively that "if the Japanese government has any intention of recalling Viscount Aoki, the news will not be first announced to the world through the columns of the Hochi" and that "Ambassador Aoki does not attach any credence to the report."

Since his visit to the United States, when the peace conference was being conducted at Portsmouth, Baron Kaneko, it is said at the embassy, has had a great ambition to represent Japan as the ambassador at Washington. He was graduated from Harvard university shortly after President Roosevelt left that institution and he enjoys the president's friendship.

Baron Kaneko is not a member of the anti-administration party. He is a member of the privy council and a loyal supporter of the Salomon ministry and his appointment as ambassador to the United States, it is said here, would not be considered as a concession to the Progressives or to the anti-administration forces.

TAFT IN THE BLACK HILLS

War Secretary Receives Presents From South Dakotans.

Hot Springs, S. D., June 18.—Secretary of War William H. Taft and party made the first stop in the Black Hills here, staying an hour. The time was spent inspecting the national sanitarium and in making a fifteen-minute address. The secretary has fully recovered his health, excepting for a cold.

At Rapid City, Secretary Taft's train was met by an Indian band and students from the government Indian school, together with citizens of the town. The secretary spoke briefly. An elaborate Indian tomahawk was given to Mr. Taft as a souvenir.

At Sturgis, after the presentation of a souvenir bridle similar to the one given to President Roosevelt on a previous occasion, the secretary made a short speech. Then he was conducted by a military escort to Fort Meade, two miles distant. He inspected the fort and reviewed the troops. The party then left for Omaha. Secretary Taft announced the intention of the war department to make Fort Meade a regimental post.

DISORDERS INCREASING.

Bombs Thrown and Many People Assassinated at Odessa.

Odessa, June 18.—The news of the dissolution of the duma and the emperor's manifesto were received with stupefaction by the progressives here who had not expected the abrogation of the laws so far forced from the government, but provoked the highest enthusiasm from the Union of True Russians, who celebrated the event with the sanction of the authorities.

Since the dissolution of the duma the police have arrested more than 300 persons, including three professors, the leaders of the different radical parties and several families, including a number of children.

Although there are no strikes, disorders and terrorism are increasing daily. Bombs have been thrown and people assassinated in numbers.

HOT IN NEW YORK.

Five Deaths and Several Prostrations Recorded.

New York, June 18.—New York sizzled Monday. Five deaths and several prostrations due to the heat were reported.

The government weather bureau showed a temperature at 5 a. m. of 67 and of 85 at 4 p. m. Street thermometers indicated 88 at noon, 90 at 3:30 p. m. and 80 at 9 p. m.

Colt Injures Three Men.

Minneapolis, June 18.—Frightened by the noise at the Pawnee Bill Wild West show, a colt belonging to Fred Reebe, 3315 Clinton avenue, broke loose and ran into a crowd and seriously injured three men, one of whom may die. The injured men are Ernest Kalanudin, probably fatally, and Peter Johnson and Ralph Joslyn, seriously.

Duchess Loses Jewels.

London, June 18.—A jewel case containing gems valued at many thousands of dollars was stolen from the Duchess Roxburgh during a railway journey from London to Doncaster.

GAVE OUT INFORMATION.

Broker Claims Holmes Used His Position for Profit.

Washington, June 18.—In Louis H. Var Riper, a New York broker, the government introduced the first witness in the trial of Edwin H. Holmes, Jr., who has directly connected Holmes with the premature divulgence of the information on which the cotton crop reports of the agricultural department are based. Mr. Var Riper was on the stand all day. He said that he had met Holmes in 1904 through E. A. Peckham and that he had agreed to give them two-thirds of any profits that might be derived through such deals made on points supplied by Holmes. He then told how Holmes had kept his part of the agreement by giving out information a day in advance of the appearance of the official report; quoted figures to show the degree of accuracy of the information supplied and related instances in which Holmes had been paid money through Moses Haas. He said that \$167,000 had been cleared on the information secured in advance of the report for November, 1904. He also testified that Holmes had agreed to keep him informed of the plans of the other cotton brokers and told how in the end a regular partnership had been formed in which Holmes was one of the five members.

QUIET IN NEW ORLEANS.

Italian Disorders and Threats of Lynching Have Subsided.

New Orleans, June 18.—The Italian disorders and threats of lynching in New Orleans have entirely subsided. A secret and well organized effort to track the kidnapped Lamana boy by the regular detective force has taken the place of the blustering search of private houses by unauthorized crowds. Wholesale arrests of Italians have stopped.

Ban on "Mikado" Withdrawn.

London, June 18.—The prohibition against the presentation of "The Mikado" has been entirely withdrawn, according to an announcement made by Home Secretary Gladstone in the house of commons. Some of the members urged that the government should furnish aid to persons who had lost money by the prohibition.

TELEGRAPHIC BREVITIES.

The trade arrangement between Germany and Spain, which Germany had denounced to take effect June 30, has been prolonged.

Associate Justice Charles Fuller Woodward of the supreme court of Maine died at his home in Bangor Monday of apoplexy.

More than 200 striking Italian trackmen on the New York, New Haven and Hartford railroad in Connecticut have returned to work at the old wages.

The Travelers' Protective association of America began its eighteenth annual session at the Jamestown exposition Monday with upwards of 1,500 delegates in attendance.

BASEBALL SCORES.

National League.

At Chicago, 2; Boston, 1.

TALKS ON RECIPROCITY.

Iowa's Governor Delivers an Address to Pittsburghers.

Pittsburg, June 18.—Governor Albert B. Cummins of Iowa delivered the principal address at a meeting of the Pittsburgh Board of Trade. Governor Cummins spoke on "Reciprocity." Governor Cummins said:

"The course of trade conclusively establishes that some tariff duties are excessive. If the iron and steel manufacturer of the United States can sell his product in the markets of other countries in open competition with all the manufacturers of the earth, and if in so doing he makes a fair profit, the man who still holds that our manufacturers need high duties in order to enable them to compete successfully in their own markets with foreign producers has surrendered his good sense."

"I am not astonished to witness the progress that these manufacturers are making abroad, but it fills me with amazement when I hear it proclaimed that they need a protective duty of from \$8 to \$10 per ton to enable them to hold the markets of their own country."

"I am for tariff reduction as a measure of justice to the buyers of protected commodities. It seems to us that we have gone mad in our zeal for the seller and have abandoned the buyer to the tender mercy of monopoly, combination and greed."

"The people have borne excessive tariffs with marvelous patience, but they will not bear it in silence and little by little they are coming nearer to their own."

The Magic No. 3

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by H. P. Dunn & Co., druggist, 50c.

AFTER THEIR PROPERTY.

Guatemalan Government Would Confiscate That of Condemned Men.

Mexico City, June 18.—According to advices received in this city the government of Guatemala has instituted proceedings to confiscate the property of the ten men who have been sentenced to death for alleged complicity in the attempt to assassinate Estrada Cabrera, president of Guatemala. The total wealth of the men is estimated at \$15,000,000, gold.

Reports from Guatemala state that the national treasury has been practically depleted for some time.

Hot in Chicago.

Chicago, June 18.—Real summer weather has reached Chicago. From 86 at 10 o'clock in the morning the mercury steadily rose until 3 o'clock, when it reached 91, where it remained for three hours. This is the highest temperature recorded here so far this year. Several prostrations but no deaths were reported.

Remarkable Rescue

That truth is stranger than fiction has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds, 50¢ and \$1.00, at H. P. Dunn & Co., drug store. Trial bottle free.

EIGHTEEN PERSONS INJURED

Passenger Train on the Santa Fe Wrecked in Colorado.

Trinidad, Colo., June 18.—Eighteen passengers were injured, three fatally, in the wreck of eastbound passenger train No. 8 on the Santa Fe near Earl, twenty miles east of here.

The wreck was caused either by a defective brakebeam or by spreading rails. The baggage car, smoker, chair car, two tourists' sleeping and one standard Pullman car left the rails. The smoker and baggage car were demolished and the others badly damaged.

Even Newsboys Arrested.

Moscow, June 18.—This city is tranquil. Many arrests have been made and the headquarters of all the professional leagues and trades unions have been searched by the police. Newsboys crying the news of the dissolution of parliament in the streets have been arrested. The revolutionary organizations here have decided to abstain for the present from all active tactics.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by his firm. Price, 75¢ per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Did Know About That.

"The money market," Mr. Wallace began, with that superior air a man assumes when he talks of public questions to his wife—"the money market!"

"Which reminds me," Mrs. Wallace interrupted.

"Reminds you of what, woman?"

"That you haven't given me the market money yet."

IN THE KAUFMANN CASE.

Defense Rests Without Placing Defendant on the Stand.

Flandreau, S. D., June 18.—Without placing the defendant on the stand, the defense rested in the trial of Mrs. Emma Kaufmann of Sioux Falls on the charge of murdering Agnes Polreis, her young house servant.

Indications are that the case will soon go to the jury. Testimony in rebuttal was introduced by the state but the defense balked the attempts of the prosecution to place before the jury much evidence that was expected to reinforce the case as presented in the direct testimony. At one stage Attorney Egan for the state requested permission to reopen the case, but the court declined to permit it.

When court adjourned for the day Peter Erickson, the state's star witness, was on the stand and the court had taken under advisement the question as to whether certain evidence to be offered through him was admissible.

COLLISION OF TRAINS.

Results in One Death and Injury of a Score of Persons.

Asheville, N. C., June 18.—One man was killed, a woman passenger was probably fatally injured and a score of passengers were shaken up and slightly bruised in a collision on the Southern railway at Sylvia between a regular passenger train and a freight engine.

The flagman on the passenger engine jumped, sustaining injuries that later resulted in his death.

Mrs. Gristaff was seriously injured by jumping off the rear platform.

Mulry Chosen President.

Minneapolis, June 18.—Thomas M. Mulry of New York city was unanimously chosen president of the national conference of Charities and Correction for next year, when the conference meets in Richmond, Va. The other officers will be: Vice presidents, Oscar C. Cushing, San Francisco; Jacob H. Hollander, Baltimore; Franklin H. Nibbecker, Glenn Mills, Pa.; secretary, Alexander Johnson, Indianapolis; treasurer, Edward Boyle, Chicago.

A Fortunate Texan

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25¢ at H. P. Dunn & Co.'s drug store.

FALLING OFF A BICYCLE.

Mark Twain's Story of the Way He Established a Record.

It seems a good while ago. I must have been rather young for my age then, for I was trying to tame an old fashioned bicycle nine feet high. It is to me almost unbelievable at my present stage of life that there have really been people willing to trust themselves upon a dizzy and unstable altitude like that, and that I was one of them. Twichell and I took lessons every day. He succeeded and became master of the art of riding that wild vehicle, but I had no gift in that direction and was never able to stay on mine long enough to get any satisfactory view of the planet. Every time I tried to steal a look at a pretty girl or any other kind of scenery that single moment of inattention gave the bicycle the chance it had been waiting for, and I went over the front of it and struck the ground on my head or back before I had time to realize that something was happening. I didn't always go over the front way. I had other ways and practiced them all. But no matter which way was chosen for me there was always one monotonous result—the bicycle skinned my leg and leaped up into the air and came down on top of me. Sometimes its wires were so sprung by this violent performance that it had the collapsed look of an umbrella that had had a misunderstanding with a cyclone. After each day's practice I arrived at home with my skin hanging in ribbons from my knees down. I plastered the ribbons on where they belonged and bound them there with handkerchiefs steeped in lotions and was ready for more adventures next day. It was always a surprise to me that I had so much skin and that it held out so well. There was always plenty, and I soon came to understand that the supply was going to remain sufficient for all my needs. It turned out that I had nine skins, in layers, one on top of the other like the leaves of a book, and some of the doctors said it was quite remarkable.

I was full of enthusiasm over this insane amusement. My teacher was a young German from the bicycle factory, a gentle, kindly, patient creature with a pathetically grave face. He never smiled; he never made a remark; he always gathered me tenderly up when I plunged off and helped me on again without a word. When he had been teaching me twice a day for three weeks I introduced a new gymnastic—one that he had never seen before—and so at last a compliment was wrung from him, a thing which I had been risking my life for days to achieve. He gathered me up and said mornfully, "Mr. Clemens, you can fall off a bicycle in more different ways than any person I ever saw before." —From Mark Twain's Autobiography in the North American Review.

He Fired the Stick

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for piles, burns, etc., by H. P. Dunn & Co., druggists, 25¢.

Reduce Your Fat

Rengo Rapidly Reduces Excess Fat Without the Aid of Tiresome Exercises or Starvation Diet.

COSTS NOTHING TO TRY.

Rengo will reduce excess fat and build up the strength and health of anyone who eats it regularly for a short time. It is a product of nature, delicious to the taste and safe and harmless in all its properties. It will not injure the digestive organs, as so many drugs and medicines do.

Rengo will positively reduce surplus fat rapidly and do so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Rengo requires no exhausting exercises or starvation dieting to help out, as so many of these-called fat remedies do. You can go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling it up in the form of excess fat. There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3073 Rengo Bldg., Detroit, Mich. If you prefer they will gladly send you trial package free by mail. For sale and recommended in Brainerd by H. P. Dunn & Co., Druggists.
